MEMORANDUM

To: Alliance Provider Network
From: Provider Services Department
Date: December 28, 2012
Subject: New Pharmacy Vendor (PBM) - MedImpact

Starting on January 1, 2013 MedImpact will be the Alliance's new pharmacy benefit manager (PBM).

As the Alliance's PBM, MedImpact will provide prescription claims processing, pharmacy network management and assist the Alliance pharmacy staff in drug utilization management including reporting.

There will be no change to our pharmacy network and the pharmacies.

Members were notified of the change in the December member newsletter and have been sent new ID cards that contain information on the back for pharmacies to bill prescriptions to MedImpact. In that mailing, members were advised to use only their new Alliance ID cards as of January 1, 2013 and to destroy their old Alliance ID cards.

Please contact your Provider Services Representative with any questions at (831) 430-5504 or 1-800-700-3874, ext. 5504.
