## MEMORANDUM

**To: Alliance Pharmacies**  
**From: Alliance Pharmacy Department**  
**Date: 03/21/2014**  
**Subject: Glucose Test Strips Quantity Limit**

---

As of 03/01/2014, the Alliance has implemented a quantity limit for blood glucose test strips.

	Quantity Limit
Insulin use within last 120 days	#200 per 30 days
Non-insulin dependent	#100 per 30 days

Quantities exceeding these limits will require a treatment authorization request (TAR) with directions for use, and justification for why more frequent testing is medically necessary.

If you have any questions, please contact the Alliance Pharmacy Dept. at (831) 430-5507.
