

Medical Transportation Benefit Documentation Requirements

Medical transportation providers are required to submit the following documentation when billing for this benefit, pursuant to Section 51476 of Title 22 of the California Code of Regulations:

- * Time and date of service for each beneficiary;
- * Odometer readings at each pick-up and delivery location;
- * The provider assigned vehicle identification code and name of the operator providing the service; and,
- * Names of beneficiaries transported in total or partial group runs.

The Alliance routinely evaluates billing for compliance with claims coding standards and documentation requirements. If you have questions regarding the requirements for the Medical Transportation benefit, please reference your Alliance provider contract. For general guidance on this benefit, please reference the Medical Transportation - Ground section (mc tran gnd) of the Medi-Cal Provider Manual available at <http://www.medi-cal.ca.gov>.
